

Year End Report Legislative Liaison

The San Bernardino County Sheriff's Department Legislative Liaison Unit tracked over 700 pieces of legislation taking active positions on 282 this year. The legislative year ended with the Governor signing three bills sought by our department.

Working with a coalition of law enforcement organizations we were able to once again receive 1.3 million dollars in state funding (COPS) which we have continued to use to fund the clandestine laboratory task force and enhanced personnel supervision in our custody facilities. Along with the COPS money we were able to secure an additional \$600,000.00 for technology.

The Sheriff's department also worked closely to ensure that our contract cities were treated fairly in the allocation process of both the COPS money (1.4 Million) and technology funds (1.4 Million) for a total of 2.8 million to the contract cities for their law enforcement programs. This advocacy is yet another benefit of contracting for law enforcement services.

Department sponsored legislation:

AB 1763 by assemblyman Steinberg revises and increases fees for serving, executing, and processing required court notices, writs, orders and other services provided by sheriffs and marshals, as specified. Deletes the per diem compensation for a keeper of property under a writ of attachment, execution, possession, or sale.

AB 1763 Longville specifies that a nonresident daily commuter who is in compliance with existing provisions of law that require the display of nonresident daily commuter indicia and the possession of a corresponding identification card, may operate that vehicle in this state for other lawful purposes.

AB 1349 by Assemblyman Correa and former Assemblywoman Soto, provides that specified information may be withheld about the victim of the crime of unlawful sexual intercourse with a person under the age of 18 years, and requires the address of a victim of that crime to remain confidential.
